

Annex 9: SGP IDN Cycle 1 and Cycle 2 Grant Projects and Grantees

1. List of Small Grant Projects for Cycle 1

No	Program	Grantees	Location	Project Activities
Gunung Leuser NP				
1	Collaborative Management to Improve Biodiversity Conservation and Community Livelihood in Gunung Leuser National Park Area III	Yayasan Orangutan Sumatera Lestari- <i>Orangutan Information Centre</i> (YOSL-OIC)	Resort: 1. Resort Sei Betung 2. Resort Sekoci Lengan 3. Resort Cinta Raja 4. Resort Bukit Lawang 5. Resort Bekancan Village: 1. PIR ADB village	<ol style="list-style-type: none"> 1. Conducting monitoring patrol involving members of 11 Conservation Partnership Groups (Kelompok Tani Hutan Konservasi – KTHK) in Sekoci Lengan resort 2. Restoring 50 ha of degraded of GLNP at Sekoci Lengan Resort with intensive restoration activities involving members of 11 KTHK 3. Conducting biodiversity survey and monitoring to see the impact of restoration program in Halaban restoration site and to see the impact of Karo Langkat road and potential corridor along the road in Bekancan resort 4. Developing community ecotourism in three resorts: Bukit Lawang, Bekancan, and Cinta Raja.
2	Strengthening Conservation of the Gunung Leuser National Park (GLNP) through Community Awareness and Biodiversity Management	Yayasan Pesona Tropis Alam Indonesia/ PETAJ	Resort: 1. Cinta Raja 2. Sekoci Lengan 3. Tangkahan Village: 1. Sekoci village 2. PIR ADB village 3. Harapan Maju village 4. Mekar Makmur Village	<ol style="list-style-type: none"> 1. Increasing community awareness and understanding about the importance values of GLNP ecosystem 2. Improving conservation and biodiversity management of the GLNP (provide online services; training on biodiversity monitoring; provide equipment for biodiversity monitoring and identification)

			<ul style="list-style-type: none"> 5. Sei Serdang Village 6. Namo Sialang village 	
3	Encouraging Strengthen and Protection of the Gunung Leuser National Park Ecosystem with Resolving Tenure Conflicts through the Conservation Partnership Program	Wahana Lingkungan Hidup Indonesia Sumatera Utara /WALHI SUMUT	Resort: <ul style="list-style-type: none"> 1. Sekoci Lapan Village: <ul style="list-style-type: none"> 1. Harapan Maju village 	<ul style="list-style-type: none"> 2. Facilitating the agreement between GLNP, local government and community to resolve tenure conflicts 3. Facilitate the formation of KTHK 4. Facilitate the development of Conservation Partnership Program and Ecosystem Recovery Plan
4	Strengthening Welfare and Health Management of Captive Sumatran Elephant, to Develop Strategy for Captive Elephant Conservation in Tangkahan	Veterinary Society for Sumatran Wildlife Conservation /VSSWIC	Resort: <ul style="list-style-type: none"> 1. Tangkahan Village: <ul style="list-style-type: none"> 1. Namo Sialang 2. Sei Serdang 	<ul style="list-style-type: none"> 1. Elephant routine health care for 8 Captive Sumatran elephant at CRU Tangkahan 2. Creating standard operational procedures (SOP) for captive elephant management 3. Focussed Group Discussion (FGD) for SOP Implementation at CRU Tangkahan 4. Developing technical and method of ELISA as diagnostic approach for EEHV & Tuberculosis and Developing sample transportation method to saving sample from damaged while in the process of shipping it to the laboratory. 5. Training and preparation for veterinarian and mahout capacity in Tangkahan for Medical Management of EEHV-HD related collect baseline 6. Routine Cortison Postulate Monitoring for Elephant Stress Detection 7. Support capacity building for Vesswic veterinarians in Elephant Health & Reproduction Health at Bio-veterinary Sciences 8. Mapping and analyzing the vegetation of the TNGL forest area in Tangkahan as a source of natural food as an elephant mooring location

				<p>9. Development of plantations and fruit gardens as an additional source of food for captive elephants in Tangkahan</p> <p>10. Educational development through the making of sign boards and information on elephant conservation in captive elephant breeding sites</p>
5	Community Awareness Improvement on Taman Nasional Gunung Leuser (GLNP) Biodiversity	Yayasan Ekosistem Lestari/YEL	<p>Resort:</p> <ol style="list-style-type: none"> 1. Bukit Lawang 2. Bahorok <p>Villages:</p> <ol style="list-style-type: none"> 1. Bukit Lawang 2. Timbang Jaya 3. Sampe Raya 4. Timbang Lawan 5. Batu Jonjong 6. Lau Damak 7. Ujung Bandar 	<ol style="list-style-type: none"> 1. Dissemination TNGL strategic function and the essential of biodiversity conservation through community groups 2. Establishment of conservation regulation in village level which called Peraturan Desa (PERDES). 3. Formulation of Community Forum which regulated in PERDES with to define & implement village commitment and action plan on TNGL Biodiversity Conservation. 4. Rise up student awareness on environment from the beginning in primary school, junior & senior high school. 5. Encourage government to have good performance with law enforcement spirit. 6. Capacity improvement of TNGL Tourist Guide in serving visitor by ensuring their fully equipped with proper data and information on TNGL strategic function. 7. Production dissemination and education tool i.e. module, education signboard, block note & leaflet.

Way Kambas NP				
1	Survey and Monitoring of Sumatran Rhino Population using Camera Traps and Individual Identification Technology	Aliansi Lestari Rimba Terpadu /ALERT	WKNP area	<ol style="list-style-type: none"> 1. Intensive survey and monitoring Sumatran rhino population using camera traps. 2. Develop and using technology for Sumatran rhino individual identification
2	Strengthening the Resort Based Management and partnership with the buffer village for the mitigation of wildlife hunting and forest fire in Way Kambas National Park	PILI Green Network/ PILI	Resort: <ol style="list-style-type: none"> 1. Susukan Baru 2. Kuala Penet, WKNP) Village: <ol style="list-style-type: none"> 1. Braja Harjosari village 2. Rantau Jaya Udik 2 village 	<ol style="list-style-type: none"> 1. Assessment on wildlife hunting and forest fire events and their impacts to biodiversity loss, and how the community perceived on the wildlife hunting and forest fires 2. Develop joint commitment among the two resorts and community groups on wildlife hunting and forest fire mitigation in a form of a joint resort-village strategy and action plan documents, review the existing SOP for wildlife hunting and forest fire handling, and village regulation 3. Increasing awareness and understanding of community groups, village and district governments to support the biodiversity conservation in WKNP in particular the wildlife hunting and forest fire mitigation

2. List of Small Grant Projects for Cycle 2

No	Program	Grantees	Location	Project activities
Gunung Leuser NP				
1.	Community Economic Empowerment of Coffee Plantation from Forest area	Konsorsium Pendukung Sistem Hutan Kerakyatan (KpSHK)	Resort: <ol style="list-style-type: none"> 1. Resort Bekancan Village: <ol style="list-style-type: none"> 1. Telagah Village 	<ol style="list-style-type: none"> 1. Increasing the capacity of village institution and community economic institution in the management of coffee plantation 2. Developing an advanced coffee management model 3. Increasing the communities' welfare by added value of coffee products

2.	Promoting Agribusiness and Small and Medium Enterprise (SME) Development and Alternative Livelihood of Communities Around Gunung Leuser National Park Area III	Yayasan Alternatif Sumatera Lestari (YOSL-OIC)	<ol style="list-style-type: none"> 1. Halaban village 2. Bukit Mas village 3. Sekoci village 4. Telagah village 	<ol style="list-style-type: none"> 1. To develop sustainable agribusiness model in four villages (Bukit Mas Sekoci, Halaban, Telagah) 2. To establish four community managed business units to produce agribusiness commodity products 3. To establish productive permaculture home garden as local food security development for 100 households in four villages
3.	Increasing the Capacity of Village Communities to Increase Revenue and Strengthen Conservation Initiatives of the Gunung Leuser National Park Buffer Zone Utilization	Yayasan Komunitas Sumatera Hijau (YKSHL)	Resort: <ol style="list-style-type: none"> 1. Resort Bohorok Village: <ol style="list-style-type: none"> 1. Lau Damak village 2. Batu Jonjong village (Bohorok District) 	<ol style="list-style-type: none"> 1. Increasing the capacity of 50 farmers and rehabilitating 10 hectares of agricultural land by implementing sustainable organic farming in 2 villages 2. Development of sugar palm and cocoa agroforestry and access to markets to increase community income up to 10% in 2 villages
4.	Improve Community Livelihoods and Restore the Ecosystem of Gunung Leuser National Park based on Participatory	Yayasan Pesona Tropis Alam Indonesia (PETAI)	Resort: <ol style="list-style-type: none"> 1. Sekoci Lapan Village: <ol style="list-style-type: none"> 1. PIR ADB village 2. Harapan Maju village 	<ol style="list-style-type: none"> 1. Improve capacity and local institution in managing conservation partnership area that will preserving the natural values of GLNP 2. Improving knowledge and capacity of the family members of Conservation Farmer Groups/CFGs (KTHK) in managing small-medium business enterprises (preferably women group) 3. Increasing livelihood of 15 Conservation Farmer Groups/CFGs (KTHK) by improving the utilization of conservation partnership areas through agroforestry system
5.	Strengthening Women's Participation in the Preservation of Gunung Leuseur National Park Through Sustainable Livelihood Development	Yayasan Penguatan Rakyat Pedesaan (PARAS)	<ol style="list-style-type: none"> 1. Sampe Raya village (Bohorok District) 2. Sei Musam village (Batang Serangan District) 3. Kuta Gajah village (Kutambaru District/ Marike) 	<ol style="list-style-type: none"> 1. Improving capacity of women conservation cadres in facilitating local communities 2. Developing Village Medium-term Development Plan 3. Developing alternative economic models with participation of women 4. Enhancing local government support on alternative economic model's initiative

				<ul style="list-style-type: none"> 5. Raising community knowledge, awareness and support to the importance of GLNP protection/preservation 6. Developing documentation and promotion materials on the success story of communities' environmentally friendly livelihood activities
6.	Forest-based Community Empowerment to Preserve The Landscape of Gunung Leuser National Park and Build Sustainable Livelihoods	Yayasan Wahana Lingkungan Hidup Indonesia (WALHI)	Resort: <ul style="list-style-type: none"> 1. Resort Sekoci Lapan Village: <ul style="list-style-type: none"> 1. Harapan Maju village 	<ul style="list-style-type: none"> 1. Improving capacity of KTHK in implementing activities on the conservation partnership area 2. Developing potential alternative economic activity for social forestry business group (Kelompok Usaha Perhutanan Sosial/KUPS) 3. Facilitating KTHK in developing sustainable and conservation-oriented activity 4. Facilitating communities' access to the market
Way Kambas NP				
1.	Livelihood system improvement in communities around Way Kambas National Park and simultaneously reducing threats to biodiversity and ecosystem	Yayasan Pendidikan Konservasi dan Lingkungan Hidup Indonesia (YAPEKA)	<ul style="list-style-type: none"> 1. Braja Harjosari village 2. Labuhan Ratu IX village 3. Rantau Jaya Udik II village 	<ul style="list-style-type: none"> 1. Conducting sustainable livelihood assessment (SLA) of 3 villages, integrated with PLUP (participatory land use planning) method 2. Revamping the livelihood systems for adoption by community groups and village government 3. Facilitate the access of business model to market using conventional and e-commerce platform
2.	SIAP PAK EKO (Sistem Informasi Pariwisata dan Pengembangan Ekowisata Berkelanjutan - Sustainable Ecotourism Information and Development System) "Improving the Livelihoods of Local Communities through the Development of Information Systems and Sustainable Ecotourism Development in Way Kambas National Park (WKNP)	Lembaga Penelitian dan Pengembangan Sumberdaya dan Lingkungan Hidup (LPPSLH)	<ul style="list-style-type: none"> 1. Braja Harjosari village 2. Rantau Jaya Udik II village (Lampung Timur Regency)	<ul style="list-style-type: none"> 1. Increasing capacity of the community to develop sustainable ecotourism 2. Developing critical community awareness in accessing livelihoods through ecotourism development 3. Developing the sustainable ecotourism information system 4. Integration of the village spatial plans in the development of fostered village models (Strengthening sustainable ecotourism management organizations; Preparing site design for main tourism; Partners/Stakeholders meeting for sustainable ecotourism development)

				5. The development of sustainable ecotourism in WKNP (Sustainable ecotourism rebranding; Video and Media promotion; Media visit & Influencer procurement services)
3.	Strengthening of Community Institutional Capacity of Rantau Jaya Makmur Villages in Central Lampung to Support Conservation of WKNP & Improving Community Livelihoods	Yayasan Kehutanan Masyarakat Indonesia (YKMI)	<ol style="list-style-type: none"> 1. Labuhan Ratu IX (Lampung Timur Regency) 2. Rantau Jaya Malmur (Lampung Tengah Regency) 	<ol style="list-style-type: none"> 1. Develop a baseline data on the potential of WKNP buffer zone 2. Developing program to improve community livelihoods and biodiversity conservation in 2 villages 3. Developing 2 village regulations on community-based natural resources management and conservation 4. Facilitating 6 community organizations in 2 villages to develop livelihood and conservation improvement program 5. Develop 2 conservation actions and livelihood improvement programs in the 2 villages 6. Develop 1 multi-stakeholder forum that supports WKNP conservation and community livelihood improvement program
4.	Collaborative Management of the Buffer Zone of the Northern Way Kambas National Park	Yayasan Konservasi Way Seputih (YKWS)	<ol style="list-style-type: none"> 1. Rantau Jaya Makmur village 2. Tegal Yoso village 	<ol style="list-style-type: none"> 1. Facilitate the national park authority, community, and local government to develop a collaborative management plan of the buffer zone 2. Develop activities to mitigate the human and elephant conflict in Tegal Yoso Village 3. Facilitate farmer groups and women's groups in Rantau Jaya Makmur and Tegal Yoso villages to develop joint ventures in the processing fishery and agricultural commodities 4. Promoting the utilization of home yards in Tegal Yoso Village for increasing family income 5. Raising the awareness of Youth in Rantau Jaya Makmur and Tegal Yoso village to protect the national park 6. Documentation and dissemination of project's lessons learned
